

## 4. Vozači

The BusSharp system enables driver records, ie employee records on each departure, by vehicle. Later, it allows you to view the driving of each employee by date, vehicle, line, departure ... the entry of driver data begins by clicking the **Drivers** button on the left side of the Bussharp system. By clicking on + **Driver** new drivers are entered and by clicking on **Edit** you can change the driver data as well as activate and deactivate the driver by clicking on **Activate/Deactivate**:

The screenshot displays the BusSharp system interface. On the left, a dark sidebar contains navigation options: Početna, Izveštaji, Polasci, Karte, Linije, Vozila, Ostalo, Stanice, Vozači (highlighted), Agenti, and Popusti. At the bottom of the sidebar is a button labeled 'Odjavi se'. The main content area features a search bar with the text 'Pretraga' and a '+ Novi vozač' button. Below this is a table with columns: Ime, Prezime, Grad, Adresa, Kontakt, Aktivan, Aktiviraj/Deaktiviraj, and Izmeni. The table contains five rows of driver data. A modal form titled 'Vozač' is overlaid on the table, containing input fields for Ime (Dzenan), Prezime (Imamovic), Grad (Novi Pazar), Adresa (AVNOJa bb), and Broj telefona (0000). At the bottom of the modal are two buttons: 'Sačuvaj' and 'Otkazi'. The top right corner of the interface shows the user 'Admin Admin'. The Windows taskbar at the bottom indicates the time as 10:55 on 30.07.2020.
