

## 7. Reports

Selecting the Reports field from the left menu gets a window with predefined reports.

The screenshot shows a web application interface with a dark sidebar on the left containing a menu. The main content area displays a report window titled "Troškovi" (Expenses). The report is filtered by "Opšte" (General) and "Po stanicima" (By station). The table below shows the following data:

Datum	Vozači	Vozila	Linija	Broj putnika	Prihod	Troškovi	Profit
21/3/2020	Meris Skenderovic Haris Mujovic Dzenan Imamovic	S5--np005se S4--np004s	Novi Pazar - Wien	8	265.00	94.00	171.00
26/3/2020	Dzemil Dupljak Dzenan Imamovic	S5--np005se S4--np004s	Novi Pazar - Wien	6	230.00	930.00	-700.00

Below the table, there are three buttons: "Prikaži" (Show), "Obriši" (Delete), and "Stampaj" (Print).

The first reports refer to the General Inquiry. In this pre-given report, based on the filters given on the left, revenue expenses, number of passengers and profit per vehicle, per line, per departure, in a certain time period can be displayed, but the filters can always be active.

The report per station shows the completed routes and allows you to display the number of passengers who left each station, ie the number of passengers who were on the bus between each individual station:

The screenshot shows a web application interface with a dark sidebar on the left containing navigation items like 'Početna', 'Izveštaji', 'Polasci', 'Karte', 'Linije', 'Vozila', 'Ostalo', 'Stanice', 'Vozači', 'Agenti', and 'Popusti'. The main content area is titled 'Troškovi' and displays a table with the following data:

Polazna stanica	Dolazna stanica	Broj putnika
Novi Pazar -- NP autobuska stanica	Beograd -- BG autobuska stanica	6
Beograd -- BG autobuska stanica	Novi Sad -- NS autobuska stanica	6
Novi Sad -- NS autobuska stanica	Grac -- GC parkplac1	6
Grac -- GC parkplac1	Wien -- Stanica 43	6

Additional interface elements include a top navigation bar with 'Opšte', 'Po stanici', 'Knjiga servisa', and 'Troškovi'. A left sidebar shows 'Linija' set to 'Novi Pazar - Wien' and 'Datum polaska' set to '26.03.2020.'. Action buttons 'Prikaži', 'Obriši', and 'Stampaj' are visible below the table.

The service book shows a generic report on all services, technical inspections and registrations: This information can only be displayed for one vehicle, or only for a certain period or only for one workshop ...:

The screenshot shows the same web application interface, but with the 'Troškovi' report filtered to show service records for a specific vehicle. The table contains the following data:

Datum	Vozilo	Vrsta	Radionica	Cena (DIN)	Cena(EUR)
20/3/2020	S4--np004s	Zamena prednjeg levog laj	Beli	14040.00	120.00
23/3/2020	S4--np004s	mali servis	Mecan	14040.00	120.00

The interface also shows a filter menu on the left with 'Vrsta' set to 'Servis'. The 'Troškovi' tab is active, and the same navigation and action buttons are present.

The **Expenses** report shows all expenses related to departures. These costs through filters can be oriented on only one line, on only one vehicle, on only one departure or on all departures at a certain time or on all departures of one vehicle at a certain time ...:
